

MANY AMERICANS SLAIN BY MEXICANS

And International Complications May Be the Ultimate Result

Mexican Miners Upon Refusal to Grant a Demand for Increase of Wages Arm Themselves and Start a Riot

DYNAMITED PAWNSHOPS TO OBTAIN ARMS

Instructions Sent to U. S. Ambassador Thompson to Request Permission of Mexican Government to Send American Soldiers Across the Border to Quell the Disturbance.

Washington, June 2.—(Bulletin)—United States Consul Galbraith, of Cananea, Mex., has sent the following dispatches to state department, dated Naco, Ariz.:

"Send assistance immediately to Cananea, Sonora. American citizens are being murdered and property is being dynamited, and we must have help. Answer, Naco, Ariz., immediately."

The second dispatch:

"Imperative immediate assistance be rendered American citizens at Cananea, Sonora, Mexico." Copies of these messages have been sent to Ambassador Thompson at Mexico City in connection with the department's instructions to him.

TWO HUNDRED REPORTED KILLED.

Naco, Ariz., June 2.—(Bulletin)—A telegram just received states that the dead at Cananea now number nearly 200. The information was brought from the town by refugees who had arrived in Naco on a special train. They reported that the fighting was desperate when they left. The garrisons of the United States forts nearest the border are displaying great activity. Although it is not admitted that orders to move toward Cananea have been received the preparations would indicate that the soldiers are preparing to act the moment that any orders come from Washington.

SITUATION IS VERY SERIOUS.

Washington, June 2.—(Bulletin)—The state department has received a dispatch from United States Consul Galbraith, at Cananea, Mex., stating that the situation there is very serious and that federal help from the United States is absolutely essential.

ASKS PERMISSION TO SEND TROOPS.

Washington, June 2.—(Bulletin)—The United States government has requested the Mexican government to authorize the use of American troops in quelling the riots at Cananea.

Secretary Root this morning wired Ambassador Thompson at Mexico City, directing him immediately to acquaint the Mexican government with the facts of the situation at Cananea and ask Mexico to take effective measures for the protection of American citizens there, also to request of the Mexican government a suggestion as to what measures, if any, the United States government may take in affording protection to its citizens in Cananea.

Diplomatically this request is in effect an appeal to Mexico to grant authority for the temporary invasion of her territory by American troops. Until Mexico's reply shall have been received no troops will be sent.

Douglas, Ariz., June 2.—Riot and bloodshed swept the little smelting town of Cananea, Mex., from noon until darkness last night, and as a result 45 American miners are dead, twice as many wounded who will die, 50 Mexican miners and four Mexican policemen have been killed and upwards of 200 Mexican miners are wounded.

The trouble began at noon when the Mexican miners left the Capote and other mines and assembled in the public square of the Mesa, or residence district. From here a delegation was sent to demand of Col. W. C. Greene, owner of the mines and smelters, that the wages of the Mexican miners be increased from three to five Mexican dollars daily.

He agreed to an increase of wages, but said it would be impossible for him to grant it without the consent of the Mexican authorities, and gave his word that he would at once consult with Governor Yzabel at Hermosillo, and if the latter were agreeable the demands would be granted. This did not satisfy the Mexicans and a strike was at once instituted.

Then the announcement was made by the Mexicans that if they could not work at the increased wages, Americans employed in the mines would not be permitted to work, and without warning the Mexicans armed themselves and descended upon the

and as soon as arms could be obtained the fire of the Mexicans was returned with telling effect.

Immediately upon the rioting starting Greene sent an appeal to Yzabel and Captain Thomas Rynning of the Arizona Rangers, was asked for troops to help put down the turbulent Mexicans.

Yzabel at once ordered troops from Hermosillo, which reached Cananea at midnight. Rynning gathered in the Rangers and with 500 armed miners from Bisbee left on a special train for Cananea at midnight. The special was due to arrive at Cananea about daylight this morning. A special train of three coaches, loaded with special officers and armed citizens, left Douglas at 8 o'clock last night, and will take on another force at Naco, from which point the train will proceed to Cananea. A special train carrying 1,000 rifles and several thousand rounds of ammunition has been started from El Paso, Texas, and will be rushed to American and Mexican soldiers at Cananea.

Greene is in charge of the situation at Cananea. He has sent his family and the women members of other American families over the border for safety.

Among the American dead are: General Manager A. S. Dwight, Supt. of Rentals Geo. Metcalfe, Supt. of Fuel Dept. Jas. Williams, Aurelio Carrillo proprietor of the Mesa hotel.

The green lumber yard was one of the first places to be fired by Mexicans. The plant was totally destroyed, entailing a loss of fully \$500,000. Then the general offices of the Cananea Copper company were dynamited and burned as were many residences and stores occupied by Americans. The mines are on fire in a number of places.

The Mexicans secured arms and ammunition by dynamiting pawnshops, where a great many firearms of all classes and cartridges were kept. A great many Mexicans had been expecting trouble and armed themselves and laid in a store of cartridges. Many members of the Mexican police force joined the strikers and acted as leaders of the rioters. The situation is very grave. International trouble is feared notwithstanding the fact that Yzabel has consented to the entrance into Mexico of armed Americans and American soldiers.

Washington, June 2.—The deplorable affair at Cananea, Mexico, presents an international problem of considerable gravity and the administration here is moving with great caution, under the treaty with Mexico it is allowable for the United States troops to invade Mexico in pursuit of renegade Indians without waiting for specific action by the Mexican government. In other circumstances the United States is bound by the ordinary rules of international law and comity. Even should Governor Yzabel of Chihuahua state, in which Cananea is located, request the aid of United States troops in putting down the Mexican miners uprising there is very serious doubt whether the United States would be

justified in sending troops across the border.

The first news of the affair reached Washington early this morning in the press despatches. Shortly thereafter a telegram was received by the state department from U. S. Consul Galbraith giving in brief the story of the attack by the Mexican miners upon the Americans and stating that the situation was so serious as to demand imperatively the presence of American troops.

Secretary Taft and Chief of Staff Bell immediately went into consultation. They are prepared to send troops into Cananea just as soon as the state department gives the word. The latter is endeavoring to get in communication with the Mexican government to ascertain what steps have been taken by Mexico to quell the disturbance and apprehend the rioters, also to learn whether there be any objections to the United States assisting in this work.

It is believed here that inasmuch as the Mexican government has shown itself powerless to cope with the situation it will consent to the temporary presence of American troops on Mexican soil. If the reports be true that the Arizona rangers and other armed bodies of citizens have crossed the border the United States has already technically violated the provisions of international law in failing to prevent an invasion of a friendly state. Port Huachuca, about 10 miles from the border in Arizona, and about 40 miles from Cananea, is the nearest military post to the scene of the disturbance. It is garrisoned by troops A, B, C and D, Fifth cavalry. The remaining troops of this regiment are distributed at other posts in Arizona, Utah and New Mexico. The regiment is commanded by Col. Clarence A. Steadman.

Following the conference with Taft General Bell went to the office of the secretary of state where a long consultation was held as to the legal aspects of the case officers of the judge advocate general's department being present.

Secretary Root is of the opinion that at present the United States can not send troops into Mexico no matter how serious the situation may be. As a result of this conference an order was sent by the war department to the commanding officer at Fort Huachuca instructing him to recall any United States troops that may have proceeded into Mexico. In the meantime, the Mexican government will be expected to exhaust every possible resource, to stop the rioting and protect such Americans as may have escaped. Additional dispatches from Galbraith and from other sources state that burning, pillaging and dynamiting are still going on and that the disturbance is beyond the control of the local authorities.

Cananea, Mexico, June 2.—At noon yesterday the Mexican miners, about 5,000 in number, left their work at the Capote mine, the adjoining mines and appeared on the public square and demanded from the foreman that their wages be raised from \$3 to \$5 a day. Mexican, and added that if this was not done they would go on strike.

After half an hour's conference they called on Col. W. C. Greene, who explained to them that he could not raise their wages without consent of the governor of Sonora, but that he would do this as soon as he could hear from the governor, giving his consent. This did not satisfy the Mexicans, who at once armed themselves and began to make wholesale warfare on the Americans.

The American miners, being unarmed, were taken by surprise and

were swept down before the ruthless fire of Mexicans. The Americans made as good a defense as possible and soon returned the fire under fearful disadvantages.

Colonel Greene appealed to the Americans and Governor Yzabel, at Hermosillo, who at once started for the camp with soldiers and the Mexican rangers.

A special train of three coaches of special officers and armed citizens left Douglas at 8 o'clock, making the run of 55 miles in 30 minutes.

Among the American dead are General Manager A. S. Dwight, one of the best known mining men of the Southwest, and who stands high in the mining world; George Metcalfe, superintendent of the rental department; Aurelio Carlo and his nephew; James Williams, superintendent of the fuel department, the proprietor of the Mesa hotel.

Greene's lumber yard is burned, with a loss of more than \$500,000; the Cananea Consolidated Copper company's offices and buildings are burned to the ground, many residences and stores are burned and the mine is on fire in many places.

DUNNE SUGGESTS A COMMISSION

To Examine Into the Sanitary Conditions of Chicago Stock Yards and Make a Report.

Chicago, June 2.—Mayor Dunne telegraphed Secretary Wilson this morning, suggesting the appointment of a commission of pathologists and scientific men to visit the stock yards, investigate conditions and make such recommendations as it thinks necessary.

Mayor Dunne said: "I supposed everything was being properly attended to but if existing rules do not safeguard the public health, they should be changed. No consideration of monetary losses ought to obstruct the humane and effective laws for the protection of the nation."

Washington, June 2.—President Roosevelt's special message to Congress which will accompany the Neill-Reynolds meat inspection report is about finished. Nothing remains except the proof reading and by Monday it is believed the printed copies will be in the hands of the executive. The document is said to be, if anything, more vigorous than the report of the inspectors. Ever since the government lost its anti-trust case against the Chicago packers, the President has been waiting for an opportunity to make them feel the weight of his displeasure and it is believed he has not minced words in his characterization of the methods which the Beveridge amendment will attempt to correct. The Neill-Reynolds report, it is understood, substantiates as a whole the charges of horrifying unsanitary conditions at Chicago. The reason assigned by the President for withholding the report was his unwillingness to injure thousands of innocent persons throughout the country, who derive a livelihood directly or indirectly from the meat industry. But the packers believing that they had sufficient strength in Congress to defeat the President's plans have forced his hand, and he is resolved to "call the bluff."

COL. GREENE REPORTED SLAIN.

Bisbee, Arizona, June 2.—It is reported that Col. W. C. Greene was slain by Mexicans at Cananea.

ASKS CONFIRMATION.

Washington, June 2.—A request of Major Watts, from Bisbee, Ariz., to confirm his action in starting troops for the Mexican border and asking for further instructions was received by the war department this morning. Secretary Taft and Chief of Staff Bell are now consulting regarding the matter.

CLAPPED THEIR HANDS, WAVED HANKERCHIEFS

Women Delegates at St. Paul Applaud Senate Committee's Anti-Smoot Vote.

St. Paul, June 2.—After working hard for four hours Friday the women attending the biennial convention of the general federation of women's clubs quit labor and spent the afternoon in going to receptions at various homes of St. Paul's members.

When a vote was handed to President Decker from the press benches, telling her that the senate committee at Washington had voted in favor of unseating Senator Reed Smoot she communicated the information to the convention but made no comment. In an instant, hankkerchiefs were waved and hands were clapped but no other action was taken.

Last night the delegates listened to addresses. Miss Jane Addams of Chicago, spoke on "Settlement Work." Clifton Rogers Woodruff of Philadelphia, spoke of the work of the National Child Labor committee, and several others spoke. Mrs. Mary Alden Ward of Boston, presided at this meeting.

EARTHQUAKE AT SEATTLE

Citizens Are Aroused From Their Slumbers on Puget Sound By a Distinct Shock.

Seattle, Wash., June 2.—Seattle had an earthquake visitation at 19 minutes of 5 o'clock yesterday morning of about 30 seconds duration. No perceptible demonstration resulted, though the shock was most distinct.

People were aroused from their slumbers by the severe shaking and low rumbling noise. The vibrations were from east to west, with seeming reverse action. Clock pendulums were thrown into a quiver, losing their stroke, while beds creaked and rocked their occupants into wakefulness.

THE HUNS FEAR KAISER'S MOTIVE

Budapest, June 2.—The coming visit of the kaiser to Vienna is an event of such importance to Hungarian politicians that it overshadows all other topics.

That the kaiser has some strong objection in paying a visit to the aged emperor of Austria is a point on which all Hungarians agree. It is not Algebras, but Galicia and Bohemia, or which he intends to speak. Hungarians clearly see that the kaiser's goal lies toward the south to a position on the Adriatic. Merchants here have long hinted at this, and under the pretense of friendliness and more largely owing to the inaptitude of statesmen the kaiser, by commercial means, has managed practically to secure naval supremacy. But Hungary is alert and keeping a close eye upon the emperor of the Germans. They feel that if he has his way their doom as a nation is sounded.

HARCOURT WILL BE USED FOR ACADEMY

Announcement Made That Stock Company Will Conduct Military School.

Gambier, O., June 2.—Mrs. Hills announced at prayer meeting that there would be no school at Harcourt next year.

Harcourt was established in 1887 and students have come to it from all over the United States. The girls were deeply grieved to learn that the old school is to be discontinued. The understanding here is that the T. P. Linn Stock company will convert Harcourt place into a military academy to take the place of the one burned. At present Harcourt numbers 25 students.

CASSATT WILL NOT RESIGN

New York, June 2.—The Associated Press today received the following telegram from the steamer America, which was sent from President A. J. Cassatt of the Pennsylvania Railroad company:

TERRANOVA GIRL WON'T BE TRIED

For the Murder of Her Uncle in New York City

SHE WILL BE DISCHARGED

THE GIRL WAS ACQUITTED OF AUNT'S MURDER IN 16 MINUTES

No Home Waiting for Young Wife as Her Husband Refuses Her and Mother Is Dying.

New York, June 2.—District Attorney Jerome will, within a few days, ask that Josephine Terranova, who is adjudged not guilty of killing her aunt, be released on her own recognizance. She is under indictment for her uncle's murder and the prisoner is in the Tombs. There is no likelihood that Jerome will put the state to the expense of trying the girl for her uncle's murder. Jerome is anxious to safeguard the girl's future. It is now said that Josephine's husband refuses to take her home. Her mother is dying. Father Evers, the Tombs chaplain, has arranged for Josephine's reception at the House of the Good Shepherd. She will probably be released to go there.

New York, June 2.—Josephine Terranova was acquitted of the murder of her aunt, Concetta Riggio. She, however, was not released, being remanded to the Tombs to answer to the charge of murdering her uncle, who was killed at the same time as his wife. Assistant District Attorney Ely, who has conducted the prosecution, was unable to say definitely whether the second charge will be prosecuted. The jury returned its verdict within 16 minutes after the court's charge.

Eight of the 12 Terranova jurors were weeping when ex-Judge Palmieri finished his summing up in the girl's behalf. The lawyer himself was in tears. Justice Scott hid his eyes with his hands and the sound of sobbing could be heard all over the court room. The girl was dry-eyed.

"This girl can never go back to her husband," said Judge Palmieri in conclusion. "The awful specter of her past would haunt her. Two Sisters of Charity are waiting outside for your verdict, and if it sets her free, they will take her to the House of God. There she will pray for you and for me and you can say with clear consciences, 'God bless you, little girl. God bless you.'"

WOULD HOLD UP QUICK DIVORCES

BAR TO RECOMMEND PLAN TO DELAY REMARRIAGE OF DIVORCED PERSONS.

Columbus, June 2.—To prevent the immediate remarriage of divorced persons the report, just completed, of the committee on judicial administration and legal reform of the Ohio State Bar association will recommend that "no divorce decree shall take effect until entered and shall not be entered until after the expiration of six months from the announcement of the decision allowing the divorce, and until so entered, such decree shall be within the absolute control of the court in which the cause is pending."

A further recommendation is that in all uncontested cases, "counsel shall be appointed by the court to represent the non-contesting party, and the fees of such counsel shall be paid by the court and taxed as part of the costs."

The committee also submits the question of recommending to the general assembly the removal of all statutes which create or provide for terms of court so far as this can be done without substantially interfering with the jurisdiction of the courts at all times. The recommendation was also made that the term of office of the judges of the supreme court be lengthened to six years. The committee also recommends that the annual meeting of the association be held at Cleveland, Ohio, in 1907, and that the annual meeting be held at Columbus, Ohio, in 1908. The committee also recommends that the annual meeting be held at Columbus, Ohio, in 1909, and that the annual meeting be held at Columbus, Ohio, in 1910.

Lancaster, June 2—Everything broke strong at Lancaster Friday afternoon and Newark lost to the Lanks in a weird game. It might have been all these purty automobiles that caused the hoodoo and it might have been the fact that the baseball company is making an awful shakeup in the team. Anyway it came in that seventh inning, Newark had the game safely stowed away in their inside pockets but they failed to reckon with the hoodoo and it was lost after being fairly won.

Lancaster had plenty of opportunities to score in the first frame, but fate was "agin 'em" and a goose egg took the place of the scores. Heller and Abbott singled and Locke sacrificed, but a pair of easy outs followed and the men died on bases. Linke passed Winters in the third, but he was caught at second on John's infield hit. Johns took second on Boyd's error, and Abbott singled, making it a counter with a neat single.

It was in the third inning that Newark landed on Johns. The only four hits of the game came in this inning and Newark was assisted with a couple of errors and stolen base. When the excitement subsided and the count was taken, Newark at once came to the conclusion that the game was won, and that they would have a good report to send home.

"Twice false, however, for in that awful seventh the bombardment was fearful. Gygli and Humphreys started things by hitting safely. Ruffis reached second on Davis' clinker. Botenous dropped one and let Winters get safe while Gygli scored. Humphreys and Ruffis scored on Justus' single, and Abbott batted Winters across the plate with a single. Heller sacrificed making the first out and Locke sent one to Botenous and was out. Big Curt Elston rapped out a single scoring Justus and Abbott. Gygli sent an easy one to Wratten and the inning was ended with Lancaster two runs to the good.

Johns kept all the Newark hitters guessing during the remainder of the game and no scores resulted.

The big feature of the game was the one handed catch made by Ruffis of Davis' line drive. In the second, Catcher Snodgrass had the end of his thumb mashed and Doyle was substituted. Doyle got the blame for the balloon ascension in the seventh. The report comes straight that he signaled to Davis to take his throw to second and failed to give the same signal to Linke. The man started to steal and Linke placed one over the plate and the hitter sent it soaring through the outfield.

Linke pitched cool ball throughout the game. At no time was he the least bit nervous but his curves failed to break just right in that awful seventh.

Overall Traded for Wicker.

Cincinnati, June 2—The Chicago National League club closed a deal for the services of Pitcher Orville Overall, the giant pitcher of the Cincinnati club. In return for Overall the Cincinnati club secured Robert Wicker, one of the stars of the Chicago team.

Jeems Lucas a Veteran.

This season is the tenth for Jimmy Lucas, as a professional pitcher. Jimmy has been working on the slab for 13 years and believes he will be good for as many more.

While the elements were cutting capers yesterday Jimmy related that sweet, sad tale of his life to a half dozen Akron fans. To begin with, Jeems is the son of a minister. He saw his first ball game by rowing two fans across the Ohio river, his pay being admission to the game. A couple of years later Jeems started with a sand lot team. Playing ball was not sanctioned by the elder Lucas and Jeems was reprimanded, sometimes physically for playing. When Jimmy got around 18 and was still determined to play ball his father gave him consent.

"I often tried to get father to go to a game," said Jimmy. "He came to Zanesville one day four years ago and I had it all framed up for him to come out. That was the only time he ever agreed to go to a game. It rained that day and the next day he went back to Wheeling."

SAM WISE DECLARES HE WILL QUIT THE GAME.

If ever a man earned his money in any occupation, that man was Sam Wise at South Side park Wednesday afternoon. He held anything but an enviable position. Everything was up to Sam on that fatal decision in the ninth, and 18 determined players were telling him this and then saying that. Wonder it was that Sam stood for it all. He was hoarse after the game was finished and stated that he would wire his resignation to President Morton at once. He finally decided to work the Sharon games and then quit. Sam says he is tired of working for a mere pittance and standing the abuse of a lot of "know nothings."

Bill Dithridge last year with Akron and this year signed but dropped for "Ruck" Kenney, is playing good ball for the Cairo team, which he is captaining. He is the idol of the town, and the people of that burg would not trade Bill for a gold mine.

Youngstown needs a new team says Smiley. They need hitters, fielders and players who play ball instead of wanting to kill any team that trims them.

The Mansfield Shield says that "Cappy" Fessler may play second base for the Newark O. P. league team in the near future.

Seven two base hits were made in Wednesday afternoon's game at Youngstown. New Castle had six and Youngstown five. Will Thomas had three two sackers, two of which would have been good for three only for the large crowd.

A good bunch of Youngstown

money went into the O. P. league pool of holiday receipts. Something over \$1,500; 5,000 people saw Wednesday's game at Youngstown. Guess the smaller towns are glad the holiday receipts were pooled.

"There are tricks to all trades," and if the Champs worked one in Wednesday afternoon's game they are entitled to the victory. They stand for the two ball and mush racket in the big leagues, so why not stand for the "missing ball" in the O. P.—Telegram.

Hot One For Morton.

The Newark News hands the following hot one to President Chas. Morton of the O. P. league:

"A decision may be expected within a few days regarding the protests of the Nocks against the awarding by ex-Umpire Bannon of one of the first games of the season to Mansfield, when the Nocks were unable to continue playing after Bannon had ordered several of Stoller's men from the field. President Morton has informed Manager Percy that he has submitted the protest to the directors of the league for a mail vote.

"That means that Hogan of Youngstown, Bumps Anderson of Zanesville, and Mr. Palmer of Akron, will determine whether the game continues to stand as a defeat for New Castle or not. It remains to be seen just how fair such a tribunal will be. President Morton ought to decide such questions himself, as he is in a position to be far more impartial than persons connected with teams against which the Nocks are fighting for the pennant."

Working Linke Too Much.

The members of the Newark club are well satisfied with the pitching of Laddie Linke and may they will be. If they do not be careful, too frequent pitching will put his throwing wing to the bad. Linke pitched against Youngstown last Sunday. He worked beautifully Memorial day against Zanesville. Friday he pitched against Lancaster and he is slated to work again Sunday. It's too much, especially for a young player.

Drum at It Again.

Ferd Drumm through his lieutenant, Larry Merrick, has promised the Zanesville fans that he will instill new life into the losing Moguls by again getting into the game at that second sack. Drumm played on Friday and Zanesville won. It must be that Drumm is able to put a little ginger into the game. Jeems Lucas patched that game and was touched up for 14 hits by the Giants.

Percy Got a Gold Brick.

J. Percy Steller claims that he was beautifully bitten by that famous green goods man, Foxy Ferd. J. Percy insists that Rudy Rudolph, whom he bought from Drumm, is the lightest gold brick ever bought by a green horn. Steller wants to be relieved from his bargain and would like to turn the German back to Drumm. My dear Percy why not let Steller take it out in roasting the Zanesville manager. He could turn the trick nicely.

Mert Whitney Back.

Big Mert Whitney has been secured by Youngstown from Buffalo. Manager Stallings gave Drumm an option on the husky chap, but last night told him over the 'phone that Hogan had gotten the first baser at \$250 per month.

Stallings also offered Zanesville a corking good pitcher—Smith by name—and he comes from California. As the makeup of the Mogul pitching corps is a matter of speculation as yet Drumm is to let Buffalo know by Sunday night whether he wants the man or not. According to a notice from Secretary Ferrell Pitcher Webb is lost by Zanesville, supposedly through some sort of trickery.

By advices from Yoho himself, Charles Crow, of last year's Nites team, is to manage Sharon. Yoho was released by the Sharon club last night.

Was Moser Easy?

"Pete Somers is with the Newark bunch down at Lancaster. He is occupying the seat which Bates formerly held down—that of manager. Bruce, the Indian for whom the Newark club paid a cool \$500, is backing, and it is probable that he will not get in the game for Newark at all. Looks like another case of too much directors, etc. Joe Moser did the buying. He ought to have been sure of his man before he did."

New Suits for Parish.

The Parish Company team of the City league will play the Frazersburg team in West Newark Sunday afternoon. The regular City league game will be played against the Kink company Sunday morning. The Parish team will be attired in their uniforms which arrived from the manufacturers during the past week.

More than \$200,000,000 of American capital is invested in Mexican railways.

NEWARK BOUGHT THREE PLAYERS

SCOTTIE WINTERS AND TWO NEW PITCHERS TO COME FROM LANCASTER.

Manager Working Linke Too Hard. Pitched Three Full Games This Week.

FIVE NEW PLAYERS.

Manager—Pete Somers.
Catcher and First Base—Scottie Winters.
Outfielder—Al Schweitzer.
Pitcher—Joe Locke.
Pitcher—Mock.

Friday afternoon a number of automobiles pulled out of Newark and puffed away to Lancaster. In these autos were a number of the stockholders of the Newark baseball club. That trip was not made for nothing, and if the men signed will report, the trip will not have been absolutely fruitless. It was announced Saturday morning that arrangements with the Lancaster club had been made, and Scottie Winters, a catcher and first baseman, had been signed and would play with the Newark team. At the same time Pitcher Joe Locke and Pitcher Mock were both signed. Pitcher Mock is a good man and it is believed that Locke will make a valuable addition to the pitching staff, which is now very much to the bad.

It is a pretty safe bet that the shakeup which the fans wanted so long will come now within the next few days. The company wants a number of good pitchers and if the present members of the staff fail to deliver the goods there will be radical changes made.

If You Suffer with Rheumatism

Dr. Shoop's Rheumatic Remedy Will Bring the Utmost Relief that Medicine Can.

One remedy which many physicians rely upon to free the system of the Rheumatic Poisons which are the cause of all Rheumatism, is Dr. Shoop's Rheumatic Remedy. Dr. Shoop spent twenty years in the study of this disease, and has discovered the cause of it, and has found a certain cure for it. Not that Dr. Shoop's Rheumatic Remedy can turn back again—that is impossible. But it can drive from the system the poisons which caused the pain and swelling, and then that is the end of the Rheumatism. The end of the Rheumatism is the end of the pain. It is the end of the suffering. It is the end of the trouble. It is the end of the disease. It is the end of the misery. It is the end of the agony. It is the end of the torment. It is the end of the anguish. It is the end of the despair. It is the end of the hopelessness. It is the end of the darkness. It is the end of the gloom. It is the end of the sorrow. It is the end of the pain. It is the end of the suffering. It is the end of the trouble. It is the end of the disease. It is the end of the misery. It is the end of the agony. It is the end of the torment. It is the end of the anguish. It is the end of the despair. It is the end of the hopelessness. It is the end of the darkness. It is the end of the gloom. Did not Dickens have the meat trust in mind when he made the immortal Weller say: "Weal pie is werry good when you knows the lady as made it and are sure it ain't cats."

There is not a great deal of sympathy in our world with the life of kings and princes. They are commonly useless appendages of a worn-out social system. But such acts as that bomb-throwing outrage at Madrid set the clock of social progress back by decades. The young King of Spain has shown himself so far a mainly, brave, high-spirited, impulsive boy, trying his best to meet the heavy responsibilities thrown upon him. He has been a model lover, and surely anarchy, blind, hopeless, cruel, as it is, ought to have spared him on his wedding day. The only consequence of that explosion, which spattered the bridal procession with the blood of the innocent and unsuspecting, will be to tighten the grim resolve of the world to relentlessly crush anarchy and those suspected of anarchistic sentiment.

DYING

Was the Juror's Son, But the Father Was Not Informed Until a Decision Was Reached.

Chicago, June 2.—George G. Roberts was yesterday found guilty of the murder of John V. Kopf and sentenced to 20 years in the penitentiary. Kopf was a prominent politician and last fall, during a fight at a Republican primary, he was stabbed by Roberts, dying within three days. Roberts admitting cutting Kopf, but declared that it was an accident.

During the last hour of the jury's deliberations word was brought to the court that the son of J. W. Harris, one of the jurors, was dying of appendicitis. After a conference between the trial judge and the attorneys it was decided not to notify Harris of his son's condition, because if he was allowed to visit his home it would render a new trial necessary. The jury, however, reached its verdict shortly afterward.

One result of Wagner's celebrity was that it made Beyreuth famous. The great composer once said the "Before the time of my travels the place was so little known by the German postoffice that letters addressed to Beyreuth were constantly sent to Bayreuth, in Saxony. Seifried and the dragon Faber have altered all that. Correspondence for Beyreuth now often comes here!"

MINERS MEET OPERATORS

Effort Made at Columbus to Settle Dispute in Ohio Field.

CONFEREES ARE SELECTED

Strike Likely to Be Lost in Eastern Ohio if a Disagreement Results—Plain Words Spoken at the Mine Workers' Convention—Day's Proceedings and Developments.

Columbus, O., June 2.—Following the action of the miners' convention, representatives of the operators and miners of Ohio are in conference here in an effort to settle upon a scale for mining coal which will end the suspension of work which has existed in the greater part of the mines of Ohio since the first of April. After prolonged discussion of the recommendation of President W. H. Green that the miners of the state again make an effort to hold another joint conference with the operators, the recommendations were adopted by a practically unanimous vote of the miners' convention, only a few scattering noes being recorded against the motion to adopt the report of the president. The operators had anticipated this action by the miners. At a meeting of the operators at the Great Southern hotel the committee of 14, which has been in charge of Ohio affairs for the "stand pat" operators since the Cleveland meeting, was authorized to meet the miners' delegates and, if possible, agree with them upon a scale. A majority of the operators favor making the 1904-05 scale the basis of their demands, but this is opposed by the operators of eastern Ohio, who do not care whether a scale is signed or not. The miners went into the joint conference demanding the reaffirmation of the scale of 1903, the same which several operators in the Hocking are now paying. However, they know that this will never be granted by the operators and so must expect to recede from this and try to obtain a settlement somewhere between the two scales.

The sensation of the miners' convention was the address of Vice President Tom L. Lewis of the national organization, in which he plainly told the miners of the conditions existing in the bituminous field, and in effect threw down the gauntlet to John Mitchell, intimating, if not directly charging, that he had, in approving settlements made in several districts, overridden the mandate of the national convention of the miners as expressed in the Ryan resolution.

Coal Company Warned.
Steubenville, O., June 2.—Prosecuting Attorney Alban dispatched Sheriff Vorhees to Plum Run to warn the United States Coal company against its action in preventing the strikers from receiving groceries. Merchants of Smithfield who hauled groceries to the homes of the strikers, which are in company houses, are not allowed to deliver the goods, as armed guards lead the horses away from the living district and order the drivers to depart at the point of rifles. Prosecutor Alban pronounces such actions as an outrage, and advised the sheriff to order the company to desist or place enough deputy sheriffs on duty to carry everything to the strikers' homes except liquor. The sheriff will appeal to the company to stop what the prosecutor terms an effort to starve out the strikers, and if his appeal is in vain he will issue orders backed up by deputy sheriffs.

Strike May Be Lost.
Wheeling, W. Va., June 2.—Unless the Ohio operators and miners reach a settlement at Columbus it is stated the strike in eastern Ohio will be lost. Desertions have already occurred and the great mass of miners are on the verge of breaking away and going back into the mines. This condition is caused by the failure of the state organization of the United Mine workers to pay strike benefits for the past three weeks.

Charged With Perjury.
Little Rock, Ark., June 2.—State Senator F. O. Butt of Carroll county was arrested on an indictment charging him with perjury. He testified some weeks ago in the "boodle" case, denying he had received any bribes during the last legislature or offered money to anyone else. Senator Adams testified that Butt gave \$100 for a vote for the state capital bill. Butt is under indictment in two other cases charging him with "boodling." Senator Butt was chairman of the state senate judiciary committee.

Registered an Earthquake.
Washington, June 2.—The weather bureau issued the following bulletin: "The seismograph at the weather bureau registered an earthquake of considerable magnitude about midnight, May 31. The strong portion of the motion began at about 12:34 a. m., June 1, and continued for about 11 minutes. The total duration of the earthquake was nearly two hours. This is the first considerable earthquake recorded at Washington since the San Francisco earthquake. The records show that the present earthquake was a much greater distance from Washington than San Francisco."

COURT HOUSE NEWS.

The case of Wm. J. Shields v. The American Light and Water Co., has been set down for trial to Judge Seward on Monday next.

Lewis H. Hatfield v. B. & O. R. R. Co., an action for damages for personal injuries, demurrer to petition overruled; leave given to answer. Hunter & Hunter, Flory & Flory; Kibler & Montgomery.

Paul Jones v. N. & G. St. Ry. Co. Judgment of settlement. Kibler & Montgomery; Wright, Miller, Fitzgibbon.

It was announced this morning that Judge Campbell of Mansfield, will be here on the 25th to try the Lingafelter case.

Marriage License Refused.

The Probate court was compelled to refuse a marriage license Saturday morning to a young couple on the ground that they were under age, and that the application was not properly made. The application for the license was accompanied by notes signed by the father of the young man and the mother of the young woman, giving their consent. The law specifies that in cases of this kind the application shall be made on a blank furnished by the Probate court, which must be signed by the parents of the parties and two witnesses, one of the latter of whom must come in to court and swear to the facts. The Probate court gives notice that no attention will be paid to notes, but that the law must be lived up to in every respect.

Decision Reserved.

A hearing was had in the Probate court in the case of Eric Owens vs. Jane Lewis and others. This is the case in which Eric Owens claims to have been declared the heir of one David Lloyd a great many years ago and that the record of said declaration was destroyed by the burning of the courthouse in 1875. Owens now seeks to have this alleged record restored, but the defendants demur thereon on the ground that the statute of limitation is a bar to the application. The demurrer was argued and the court reserved its decision. Judge Jonathan Rees and T. B. Fulton for the plaintiff, and Judge J. M. Swartz for the defendant.

Motion Overruled.

A hearing was had in the Probate court Saturday morning on a motion filed by Kibler & Montgomery, attorneys for Ashbrook & Rusler, to compel Perry L. Cunningham to make his second defense in his answer to the petition for foreclosure of mortgage more definite and certain, so as to state whether the contract pleaded in defense was written or oral one. The court, on a hearing, overruled the motion, holding that the plaintiff having demurred to the second cause of action was now estopped from interposing a motion. Kibler & Montgomery for Ashbrook & Rusler, and Carl Norpell for Cunningham.

Probate Court.

G. L. Stephan, executor of the estate of G. P. Stephan, has filed his first and final account.

Motion Filed.

In the case of William M. Shamp vs. Channey H. Traxler the defendant has filed a motion in the Common Pleas court to strike the plaintiff's petition from the files. Kibler & Montgomery attorneys for the defendant.

Committee Asked.

In the case of Elja Gary against Stephen I. Tatham as guardian of Eljah Gary an insane person and others the plaintiff says that the defendants the Citizens Savings Bank of Columbus George E. Trump and W. J. Peters & Co. each claim liens against real estate in Harrison township. Plaintiff asks that a committee may be appointed to inquire into the insanity of Eljah Gary and that upon the coming of the report that the real estate be appraised and an amount in lieu of the contingent dower of Eljah Gary may be fixed by the court and invested for his support and maintenance; that the liens may be marshaled and paid; that plaintiff's title in the premises may be quieted; that plaintiff may be allowed to sell real estate free, clear of the contingent dower of Eljah Gary and for all further relief to which plaintiff may be entitled. G. E. Trump and W. H. Jones attorneys for plaintiff.

Two Answers Filed.

An answer has been filed by Mary A. Davis and William H. Davis in the suit wherein John B. Woolson is plaintiff. They insist that the petition does not state facts sufficient to constitute a cause of action. The defendants admit certain allegations of the petition and pray that the petition be dismissed and that they may go hence without delay.

An answer has also been filed in the same case on behalf of Mary A. Davis and Wm. H. Davis as executors of the last will of Silas B. Woolson, in which practically the same allegations are made as in their answer individually.

READY WITTED BOY.

Jean Gerardy, the well known 'celist, at a dinner in Philadelphia praised American wit.

"You are witty," he said. "From your millionaire down to your gamins, you are quick, nimble and sparkling in retort."

"Your gamins' wit is somewhat cruel. It caused a friend of mine to flush and mutter an evil oath one day last week in New York. My friend, in a hurry to catch a train, ran out of his hotel toward a cab, and a ragged little boy opened the cab door for him and handed in his valise. He gave the boy nothing. In his hurry, you see, he forgot."

"The disappointed urchin smiled sourly and called this order to the driver, 'Nearest poorhouse, cabby!'"

Davis, who resigned several days ago as soliciting freight and passenger agent of the Buckeye Lake and Columbus, Newark and Zanesville lines, has accepted the position of assistant traffic manager of the Columbus, Delaware and Marion railway, and entered upon the duties of his new position Friday. His headquarters will be in Columbus, but his jurisdiction will extend over the entire system. He will report to A. L. Neereamer, traffic manager of the road.

The position is a new one, created to relieve Mr. Neereamer, whose time is taken up now in looking after improvements at the various parks along the line.

Mr. Davis was formerly connected with the freight department of the Hocking Valley. He went with the Columbus, Buckeye Lake and Newark as auditor and contracting agent when the company opened its offices in this city four years ago and had charge of the Columbus office until it was closed Thursday afternoon.

A number of changes in the traffic department of the Schoeff lines went into effect Friday. The resignations of J. T. Horton as general freight agent and of J. T. Donahue as freight agent of the Columbus, London and Springfield and allied lines, became effective and the jurisdiction of A. W. Jordan, general passenger agent, was extended over the freight department.

George Hunt, agent of the company at Dayton, was brought to Columbus to succeed Donahue and Robert Newton, chief clerk in the freight department here, went to Dayton to succeed Hunt.

Upon the closing of the Buckeye Lake traffic office Thursday afternoon, the furniture was turned over to Mr. Jordan of the C. L. & S., and the stenographer took service with the C. L. & S. as Mr. Jordan's stenographer.

OLD AND YOUNG

Find in Pe-ru-na a Reliable Friend.

For the Debility of Old People—The Catarrhal Diseases of the Middle Aged—The Coughs and Colds of Children and the Various Ailments of Infants—Pe-ru-na is Used and Recommended.

Mrs. Helen Dawson, Snyder, Tex., writes: "I believe Pe-ru-na to be the best tonic in use for a rundown system or general debility, also for all throat and lung trouble, and ailments originating from colds. 'I believe Pe-ru-na and Manalin would cure anything. 'I have used them in my family for years and never have a doctor bill to pay. 'I know the medicine to be all that is claimed for it. 'I recommend it to all."

Mr. Caleb Conklin, Midland, Ohio, writes: "After studying and watching my grandson's case, I can truthfully say he is a well boy with no symptoms of catarrh at all. 'Before taking your treatment, he was constantly clearing his head and throat and gagging. The glands of his throat were swollen badly and he was very pale. 'He is quite a different boy now. The rest of us had heavy colds during the past winter so as to be laid up for several days, but he seemed to be fortified against them, and they did not affect him more than an ordinary cold. 'Pe-ru-na did the work for him and I shall ever speak in favor of Pe-ru-na and Dr. Hartman's treatment. 'He took only a little over two bottles of Pe-ru-na. 'It brought the color to his cheeks almost immediately, and, O, what an appetite!"

For free medical advice, address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, who will give all letters prompt attention.

Sackett Plaster Board

I desire to call the attention of all architects, contractors and builders to the Sackett Plaster Board. It takes the place of wood or metal lath. It is not a new thing, but has been in use for fifteen years in some of the largest cities.

One of the great advantages of the board is that it is a non-conductor of sound, as well as being fire proof. It makes houses warmer in winter and cooler in summer. I have the agency for this board and am prepared to furnish it in small amounts or carload lots. For full particulars call on or address,

On April 28 her husband and friends were surprised when she brought two more little ones into the world under favorable conditions. The latest arrivals give promise of being as hearty and long-lived as their predecessors. WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Newark People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Newark cures are the proof.

C. E. Walton, barber, at 54 S. 2d St., and living at 129 Valandigham St., Newark, O., says: "I have used Doan's Kidney Pills for kidney complaint and backache with great benefit and take pleasure in adding my endorsement to the testimony already offered in favor of that remedy. I suffered from kidney complaint for a number of years. It was caused, I think, by the nature of my work. Being on my feet all the time my back became weak and a dull heavy pain came which increased in severity until it seemed almost continual. I ached just as bad at night as during the day. After trying a number of remedies without finding relief I got Doan's Kidney Pills at Crayton's drug store. They cured me. The cure has been lasting and I can confidently recommend Doan's Kidney Pills to all sufferers from kidney troubles. For sale by all dealers from 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States."

Remember the name—Doan's—and take no other.

In accordance with a time honored custom of the Granville High school, the members of the class of 1906 were charmingly entertained Thursday night by the members of the Sophomore and Junior classes. A large number of invitations had been issued, which included the teachers, members of the Board of Education and friends of the school in general.

In answer to these invitations several hundred people assembled in the auditorium of the school building on Thursday evening, and from 8:30 to 10 listened to the fine program of exercises that had been prepared for the occasion. The program consisted principally of literary and musical selections, after which a general social time was had for a time, during which light refreshments were served.

One of the features of the occasion was the display of art, the work of the pupils of the public schools, by Miss Minnie B. Jones, which was greatly admired by those who inspected it. The exhibit will remain up until after commencement, which occurs on next Thursday night.

During the evening two splendid choruses were rendered by the pupils of the High school under the direction of the instructor of music, Miss Blanche LaFerre. The evening was one of those occasions which draw pupils, parents, teachers and friends closer together, and make the pleasures of school life long to be remembered.

BULLY LITTLE JAPAN.
In offering us more help, for California than we so much richer, had offered to her for famine, Japan gave but one of many recent illustrations of her gallantry. Of everything that arises for her to do she takes hold with the same calm energy and intelligence. Reports of her activities in trade promise that her victories in that field will not be less carefully prepared and sternly executed than were her victories on the ocean and the battlefield. Having done one thing well, she does not devote too much time to rejoicings or self-laudation, but, surveying the field of the world's labor as it is today, she picks out what is most important, and with the wisdom of age and the energy of youth, proceeds to the work before her. She has already spent for railway construction in Korea and Manchuria about twenty-nine and one quarter million dollars, and plans already started will add to this from eleven to twelve millions more. The merchant marine, which in 1903 was about 560,000 tons, is now almost a million. "If youth only had the knowledge," the French proverb says, "it age had the power!" Japan offers the heartening spectacle of a people as old as history and as young as yesterday.—From Collier's for June 2.

Masonic.

At the banquet held at the Masonic Temple Wednesday evening, L. P. Schaaf of Newark, Grand Master of Ohio, announced that over \$10,000 had been subscribed by Ohio Masons for San Francisco sufferers with more coming in all the time. The banquet followed a work meeting conducted by York lodge which was the guest of Humboldt lodge—Columbus Citizen.

The stated convocation of Warren Chapter No. 6, R. A. M., for June, will be held next Monday night. Bigelow Council No. 7 R. & S. M., will hold its stated assembly for June on Wednesday evening of next week.

There will be a special meeting of Acme Lodge No. 554 F. & A. M., on next Thursday night for work in the M. M. degree. At this meeting District Lecturers A. L. Rawlings will inspect the lodge, and the work will be followed by a banquet.

Thursday night Acme Lodge No. 554, F. & A. M., conferred the M. M. degree on three candidates. There was a good crowd in attendance and a very profitable session was held.

On Thursday night St. Luke's Commandery No. 24, Knights Templar, conferred the Temple and Malta degrees on one candidate and appointed a special for June 19, to confer all the orders on one candidate, on which occasion a six o'clock dinner will be served in the banquet hall, after which work will be commenced in the asylum.

An address by Louis P. Schaaf, Grand Master of the Blue Lodge of the State of Ohio and an elaborate banquet at 6 o'clock last evening were the features of the Ascension Day services of Marietta Commandery No. 50, Knights Templar. Fully sixty Masons were seated at the feast board Thursday evening and a feast of no small proportions was served them. Everything that heart could desire was spread before the Knights and they are said to have done it justice—Marietta Times.

At the meeting of Newark Lodge No. 97 F. & A. M., held on Friday night three dates were made for special meetings of interest to the fraternity. On Friday afternoon, June 8, a meeting will be held at 3 o'clock for the purpose of conferring the Master's degree on four candidates. Dinner will be served at 6 o'clock. All the Masters and Wardens of the lodges of the county are invited to be present. On the 15th and 22d of this month special meetings are appointed to confer the E. A. degree and the F. C. degree. Odd Fellows.

There was but little doing in the Odd Fellow lodges of the city during the past week. At the meeting of Mt. Olive Encampment No. 12, I. O. O. F., held on Thursday night, the Golden Rule degree was conferred on one candidate and the Royal Purple degree on five candidates.

On Tuesday evening, May 29, Holt Rebekah lodge, No. 423, of Johnstown, received two petitions for membership. At the next regular meeting the degree will be conferred and after the work refreshments will be served.

Knights of Pythias.

Members of White Cross Lodge K. of P., and White Shield Temple Rathbone Sisters, should hear in mind that Sunday June 10, is a day set for memorial. This day given in memory of our departed Brothers and Sisters is an annual event of much interest to all members of the order, and we have been extremely fortunate this year in obtaining a speaker for the occasion in the person of Hon. Louis B. Houck, private secretary to Governor John M. Pattison. No one should miss hearing him as he is one of the best orators in the state—Johnstown Independent.

About thirty of the boys of White Cross lodge took part in the dedication of the new K. of P. hall at Sunbury on Thursday night, May 24. Our third rank team conferred the rank upon nine candidates. The lodge there has every prospect of a good future, with a hall as fine as there is in the state and a band of workers such as Sunbury has, we know the lodge will double its membership in the next year. At a late hour all left for their homes feeling that one more very pleasant event will be cherished in our memory—Johnstown Independent.

The K. P. memorial services will be held at the M. E. church on Sunday morning, June 10, at 10 o'clock. Standard time. Knights and ladies are requested to meet at Castle Hall at 9 o'clock and prepare to take up the march to the church. Also

members of the U. R. K. of P. be out in full dress and on time. The public is cordially invited to attend this service.—Johnstown Independent.

American Insurance Union.

At the meeting of Newark Chapter No. 24 A. I. U. Thursday evening two applications were received and accepted. A committee has been appointed to report on an outing at Buckeye Lake in the near future.

Wednesday evening the gentlemen degree staff in company with a number of other members initiated a class of 25 charter members at Granville, O. This chapter was organized by Sidney G. Bash of Columbus, O., about ten days ago, and is made up of some of the best citizens of Granville. Dr. George W. Hoglan, National secretary of the order, and C. C. Hollenback, National editor, were present and assisted in instituting this new chapter. The outlook for a thriving chapter in this old college town, and with its splendid electric line connection with Newark, we can lend a helping hand to this new sister chapter.

Friday evening closed the ball dances given by the Dance Club during the winter season. All these dances have been grand successes in every particular, and to the visiting friends we are very thankful for the patronage and most cordially invite them back to any of our social meetings. The next dance will be given at Buckeye Lake Park.

Ben Hur.

The regular meeting of Alpha Court, Tribe of Ben Hur, will be held on Thursday evening, when a class of candidates will be initiated.

Modern Woodmen.

Cedar camp No. 427, M. W. of A., met in regular session on Wednesday night with all officers present and 142 members. Eleven beneficial, three social and one transfer applications for membership were received and acted upon. The Escort repaired to the anteroom and found therein ten candidates awaiting the adoption ceremony, which was conferred upon them in due form. After the business of the camp was over, all repaired to the banquet room and partook of the ice cream, cake, and fruit that was prepared by the committee.

The committee on Memorial services reported that everything was in good shape for the Woodmen Memorial which takes place on June 3, and requested that all neighbors meet at the hall on Sunday afternoon, June 3 at 1:30, and to all that can be urged to bring flowers. The neighbors will leave the hall promptly at 2 p. m. and march to Cedar Hill cemetery where the graves of our 21 deceased neighbors will be decorated with flowers, which will be followed by an address by Hon. F. A. Bolton, and the music will be by the Whetzel Quartet, and prayer by Rev. Henry Fulton. The exercises will be under the direction of Consul O. B. Young. Following the services the membership will be dismissed and will not march back to the hall, as many will want to visit the graves.

All neighbors are requested to be at the next meeting as that is the last night of the member getting contest, and all neighbors who have brought in names of candidates that have not been adopted are requested to get a hustle upon themselves and have their candidates at the lodge room on next Wednesday night, if they want them to count upon this contest.

Wednesday evening, June 13, is the night that the prizes will be drawn and all neighbors are requested to be at the meeting on that night.

There has been an assessment levied for the month of June and neighbors remember that the third quarter lodge dues are due with the June assessment. Neighbors, we wish you would go after every Woodman in or near our camp who belongs elsewhere, and get him to transfer to Cedar Camp. It will only cost him 50 cents. There are many Woodmen now in our city who belong to other camps and if you will go after them you can get them. Remember that there are several camps after the state banner and we don't want to lose it and every member secured for Cedar camp is just that many against the other camps. Don't forget to be at the hall on Sunday, June 4, and bring some flowers to help decorate the graves of our deceased neighbors.

Eagles.

Licking Aerie No. 287, F. O. E., had a very large attendance at the meeting Tuesday night when a class of candidates was initiated into the mysteries of Eaglesdom. Seven applications were received and three accepted to membership. At the next meeting there will be a large class to be initiated and the degree team will be in good trim for the occasion.

During the months of June, July, August and September Licking Aerie will meet only twice a month, on the second and fourth Tuesdays of each month, and the next meeting will be on June 12, at 8 p. m.

Dry Towns and Liquor Fines.

Columbus, O., June 2.—When the local option law was enacted it was the intention of the framers that fines imposed for its violation should all go to the dry town wherein the violation should occur. Attorney General Ellis rendered an opinion that this may not always be the case. In fact, the dry town, where liquor is sold, may get no fines. Attorney General Ellis holds that it will not, by change of venue the case is tried elsewhere.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 96 pounds has grown to over 150. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. OLD SCOUT

Los Angeles, Cal., June 2.—After an absence of 32 years, Bernard Healy, councilman from the Eighth ward, started yesterday on his journey back to the home of his boyhood, in Wheeling, W. Va. Although he is going to travel in Pullman cars, patronize diners and enjoy all the luxuries, Councilman Healy is to stick hard and fast to the promise made to himself years ago never to wear a necktie.

He will stop at Toledo, Findlay, O., and Monroe, Mich., where he has brothers whom he has not seen since they were boys. At Wheeling he will be greeted by his father. From there he will go to Washington. He has a promise from representatives in Congress that he will be granted an interview with President Roosevelt.

Councilman Healy was an Indian scout in the employ of the government for a number of years and has a warm spot in his heart for the President. He was also five years in the Sixth United States Cavalry.

SMALLEST CHILD

IN THE WORLD.

Barberton, O., June 2.—Probably the smallest perfectly formed child in the world was born here this week. The parents are Mr. and Mrs. Howard Goudy, of North Fourth street. The child, a girl, weighs but 12 ounces. The length from top of its head to the bottom of its feet is six and a half inches. The arms are less than three inches. A good sized finger ring might easily be slipped over each of its hands of the little one. The baby is in perfect health. Howard Goudy, the father of the child, is employed at the plant of the Pitsburg Valve and Fittings Co.

The Life Of the Teeth

Teeth stay sound as long as
 germs are kept from eating
 into and destroying the en-
 amel. Dental authorities now
 agree that decay of the teeth
 is caused solely by the germs
 that live and multiply in the
 particles of food which collect
 about the teeth.

Grayton's Tooth Powder

contains the best antiseptic
 known to destroy these germs.
 It makes the gums healthy
 and firm and has a clean fresh
 taste all of its own. Hardly
 anyone ever gets tired of
 using it.

NEWARK MAN DECIDES TO GO
 AFTER NOMINATION FOR
 FOOD COMMISSIONER.

And is Receiving Much Encourage-
 ment From His Friends Over
 State of Ohio.

Frank L. Beggs has decided to make
 the race for the State Dairy and Food
 Commissionership.

Several days ago announcement was
 made that Mr. Beggs was being urged
 to become a candidate before the com-
 ing Republican State convention and
 since the newspapers over the state
 have published this announcement, the
 Newark man has received encourage-
 ment from friends in every section of
 the state.

Mr. Beggs was on a farm for the
 first 20 years of his life, was a travel-
 ing salesman in Ohio, for groceries

and drugs the next ten years and since
 1896 has been in business for himself
 as a manufacturing chemist with the
 firm of Styron, Beggs & Company.

Mr. Beggs' friends are claiming that
 his business experience fits him for the
 position and that his wide acquaint-
 ance over the state in business and
 Masonic circles gives him a good start
 in the race for the nomination.

Mr. Beggs is president of the New-
 ark Board of Education and has been
 an active worker in the party for
 years. He has been a delegate to a
 number of state conventions, so that
 he knows the politicians of Ohio as
 well as most men.

Mr. Beggs intends to make an ener-
 getic canvass for the nomination and
 those who know the man, know that
 he will leave no stone unturned.

SISTER

Of Supreme Court Justice Brewer Ap-
 pears in Court as a Witness
 For Her Daughter.

Kansas City, Mo., June 2.—Mrs.
 Frances E. Woods, a sister of David J.
 Brewer, Associate Justice of the
 United States Supreme court, appeared
 in police court as a witness for her
 daughter, Miss Harriet Woods, who
 had caused the arrest of Mrs. M. R.
 Werge upon the charge of assaulting
 her.

Miss Woods owns property on Jack-
 son avenue. She went there a few days
 ago to collect rent from a tenant. She
 noticed that a fence between the house
 owned by her mother and the house
 owned by Mrs. Werge had been partly
 torn down. Believing the fence to be
 the property of her mother Miss Woods
 went into Mrs. Werge's house to ask
 who had torn the fence down. A dis-
 cussion ensued, Mrs. Werge maintain-
 ing that the fence was owned by her.

At length, according to the testi-
 mony, Mrs. Werge seized a piece of
 lath, with which she struck Miss
 Woods in the face. Judge Kyle gave
 both the complainant and the defend-
 ant a lecture about neighborhood quar-
 rels and dismissed the case.

 sources of water supply. Some of these
 are dangerous, but the fountains con-
 structed by the present Sultan made it
 possible for even the poorest to get

Exactly 100 lives were lost in fires
 which occurred in London last year.
 Forty-six of the victims were under
 5 years old and 14 were over 60. In
 almost every instance the fire was
 due to carelessness and the lack of
 ordinary precautions.

SUPT. J. D. SIMKINS DELIVERS ADDRESS

At the Annual Commencement of the
 Alexandria High School Fri-
 day Night.

Alexandria, June 2.—The annual
 commencement of the Alexandria
 High school was held here Friday
 night and was a grand success in
 every particular. The exercises were
 held in the opera house, which was
 filled from pit to dome with the
 proud parents, pleased teachers and
 admiring friends. Well might the
 parents be proud, exceedingly well
 pleased might be the teachers, and
 more than filled with admiration
 might be the friends for as a fitting
 end to a successful school life, the
 members of the class of 1906 ac-
 quitted themselves remarkably well.
 There were nine graduates, and the
 productions were all of a high order,
 while the delivery is pronounced as
 being unusually fine. Prof. J. D.
 Simkins, superintendent of the New-
 ark public schools, delivered the
 class address, which was a gem in its
 way, and highly appreciated by all
 who heard it. The diplomas were
 presented by Superintendent Lake of
 the Alexandria schools.

The graduation exercises were en-
 tertaining throughout and were a
 great benefit to the class, to the
 teachers and to the schools. The
 class has set for itself high stand-
 ards and lofty ideals which it is
 hoped none will forget. They have
 finished their school life with a good
 record and may their future be as
 successful.

AN EXPLOSION OF NATURAL GAS

SERIOUSLY INJURED MRS. ELLA
 BARRICK AT HER HOME ON
 SATURDAY MORNING.

The Aged Lady Attempted to Light
 a Fire Under an Oven, and an
 Accident Occurred.

Mrs. Ella Barrick, an aged and
 highly respected widow, residing with
 her son, Mr. Fred Barrick, at his
 home on North Eddy street, this city,
 was the victim of a painful and serious
 accident Saturday. She was en-
 gaged in doing her weekly baking,
 and had opened the door in the gas
 oven for the purpose of lighting the
 gas. When the lighted match was ap-
 plied there was a terrific explosion
 and the flames poured out of the oven
 in a dense volume, striking Mrs. Bar-
 rick squarely in the face, badly burn-
 ing her about the head, face and
 arms, while one eye was badly burn-
 ed. It is not thought that she in-
 haled any of the fire. One of the
 neighbors, Mrs. W. H. Roe, was called
 in and assisted in dressing her in-
 juries, which are of quite a serious
 nature. Mr. Burt Barrick of Colum-
 bus is a son of the injured woman.

BATTLE AT THE WARDEN.
 The kitchen of the Warden Hotel
 was the scene of an important battle
 of the nations shortly after noon on
 Saturday. The affair ended with the
 result that one of the parties is at
 present not in the best of humor or
 health.

The exact cause of the trouble
 could not be learned from the con-
 tending parties but one of the col-
 ored waiters in his eagerness to empha-
 size his statements to a pastry cook
 employed in the hotel is said to have
 dropped a slippery dish in the direc-
 tion of that dignitary. The dish missed
 the pastry cook and changing his
 original plan landed with consider-
 able force against one of the other fe-
 male employees of the kitchen.

As yet no arrests have been made,
 but there may be before the day is
 over, as the general relations are at
 present not of the most peaceable
 nature.

UNPRONOUNCABLE NAMES ARE DOOMED

Hungarians, Poles and Other For-
 eigners Must Assume American
 Cognomens.

Washington, June 2.—All foreign-
 ers who become naturalized citizens
 will be required to assume American
 names provided an amendment which
 Representative Burke of Pittsburg
 will offer to the naturalization bill.

Representative Champ Clark in-
 tends to make one of his characteris-
 tic speeches on the question. Mr.
 Burke has prepared his amendment
 to break down a barrier which he
 thinks exists to the amalgamation of
 some foreigners into the nation's so-
 cial system. He says that in his
 judgment the family names of these
 foreigners estrange them in a sense
 and that they will be assimilated
 much more rapidly if they select
 some good old American name. He
 has prepared a list a yard long of
 the names of some foreign born citi-
 zens residing in Pittsburg, and he
 will ask the clerk to read them. They
 are mostly Russian and Polish
 and their names are almost unpronounce-
 able, he says, in the English
 language.

HIS GUILT OPEN TO DOUBT

Apprehension at Madrid Lest Another
 Bomb Outrage Be Perpetrated Dur-
 ing Nuptial Festivities—General
 Weyler Among the Wounded—Royal
 Coach Damaged by Explosion.

Madrid, June 2.—The wedding fete
 are proceeding officially, but the city
 is filled with sinister forebodings. The
 king and queen sought to reassure
 the public by appearing in an open au-
 tomobile, unattended by a military
 guard. They had an outward appear-
 ance of serenity and were wildly ac-
 claimed, but this was mingled with
 cries of fear from women who felt that
 this was another invitation to some
 miscreant to scatter death and de-
 struction.

The funerals of eight officers and
 men, the Marquise of Tolosa and her
 daughter, and Countess of Ordesera
 took place in the presence of a vast
 concourse. At the cemetery honors
 were rendered. The king and the gov-
 ernment were represented.

The police arrested an elegantly
 dressed Englishman as person near-
 est to fitting the description of the au-
 thor of the outrage. A member of the
 civil guard has recognized Hamilton,
 the suspect, as a companion of Man-
 uel Morales on the balcony from
 which the bomb was thrown at the
 royal carriage. The two men also
 were seen together at Barcelona.

The number of killed is now given
 as 20 and the wounded at 60. General
 Weyler is among the injured.

The English suspect, known as
 Hamilton, was confronted in the pres-
 ence of the civil governor with the
 proprietors of two houses where he
 had stopped. After two hours' ex-
 amination no satisfactory conclusion
 was reached, and it was admitted that
 the prisoner's identification is open to
 doubt.

Frederick W. Whitridge, special en-
 voy of the United States, has written
 a letter to the Duke of Solomayor,
 the court chamberlain, which is in-
 tended to reach their majesties, ex-
 pressing the profound satisfaction of
 the United States at their escape, and
 he has sent a similar letter to the min-
 ister of state expressing in behalf of
 President Roosevelt his regret at the
 fact that the splendid ceremony was
 marred by such a calamity.

Count Romanes, minister of the in-
 terior, says that the attempt on the
 lives of the king and queen may be
 definitely ascribed to anarchy both in
 its preparation and execution. An ex-
 amination of the royal coach shows it
 to be badly scarred and damaged. The
 lamps were shattered.

LEGAL RULING

Of Importance to Fraternal Insurance
 Societies.

Jefferson, Mo., June 2.—The state
 supreme court handed down an op-
 inion of importance to 400,000 policy-
 holders of Missouri and several mil-
 lion policyholders in fraternal insur-
 ance associations throughout the
 United States. The case was that of
 Mary Westerman vs. the supreme
 lodge of Knights of Pythias, in which
 the plaintiff received judgment for
 \$5,236 in the St. Louis circuit court
 for the death of her husband, who
 joined the association in 1895. The
 supreme court decisions reversed this
 finding. The suit was instituted in
 1902. The suit was prosecuted on the
 theory that the defendant company
 was under the same law as regular
 life insurance companies. Judge Fox
 wrote the opinion, which holds that
 the defendant is a fraternal society
 and not liable as a regular life insur-
 ance company.

Killing Witnesses.

Mitar, Russia, June 2.—A reign of
 terror exists in Courland province no
 less terrible than during the suppres-
 sion of the revolution by troops. Revo-
 lutionists are visiting summary ven-
 geance on witnesses appearing
 against them in the military or civil
 courts. Murders are of daily occur-
 rence. At Frenkstadt the Lutheran
 church sexton and his assistant, who
 had appeared against the assassins of
 the pastor, were kidnaped by a band
 of 12 men and were taken to the
 woods and shot.

Boycott American Meat.

Cape Town, June 2.—The soldiers
 are exasperated by tinned meat re-
 lations in America. The entire cape
 garrison struck against American tin-
 ned meat, which was being served for
 dinner. The officers explained that
 none other was available. The mea
 decided to go hungry and the food was
 left untasted. The facts were im-
 mediately laid before the commander-in-
 chief. It is expected all American
 meat contracts will be canceled.

Illinois Mine Agreement.

Springfield, Ill. June 2.—The joint
 convention of coal miners and op-
 erators of Illinois formally adopted,
 without a dissenting vote, the joint
 scale committee report. An agree-
 ment was drawn up and signed by a
 committee of three operators and
 three miners. The agreement holds
 until March 31, 1908.

STEEL PLANT SOLD

The Newark Steel plant, in the West
 End of the city was sold Saturday af-
 ternoon at 1 o'clock from the south door
 of the courthouse, by Master Commis-
 sioner John David Jones, to J. W. Lee,
 of Pittsburg, for \$7,170. Among the
 parties interested who were present at
 the sale were: H. J. Bach and Attor-
 ney Walker of Pittsburg; Mr. Ralson
 and Attorney Rogers, of Columbus,
 representing the Colonial Trust com-
 pany of Pittsburg. Senator J. W. Lee
 will come here in a few days to look
 after the future disposal of the plant.

NO EXEMPTIONS BY CONFEREES

Free Passes Prohibited by Amended
 Railroad Rate Bill.

WORK NEARING COMPLETION

Senate Committee Votes to Unseat
 Reed Smoot—Debate on Isle of
 Pines and Canal Supplies—Bill Reg-
 ulating Liability of Railroad Com-
 panies Passes Upper Branch.

Washington, June 2.—The con-
 ference on the railroad rate bill are
 nearing the end of their labors,
 only two amendments remaining un-
 settled. The amendments in dispute
 are those relating to "Jim Crow"
 cars and prescribing that no hearings
 of applications for injunctions setting
 aside orders of the interstate com-
 merce commission shall be had with-
 out five days' notice to the committee.

The indications are that the latter
 will be accepted. It is said that the
 "Jim Crow" car amendment is slated
 to go out. As passed by the senate
 it requires that the railroads shall
 provide equal accommodations for the
 different races. Northern negroes ob-
 ject to this because they fear that it
 will suggest to Northern states the
 passage of "Jim Crow" laws. They
 would like the law to provide that the
 "same accommodations" instead of
 "equal accommodations" should be
 provided for the different races. This,
 however, is opposed by Southern
 members of congress. If the amend-
 ment is disagreed to the different
 states are permitted to exercise their
 own discretion as to the separation of
 the races, but interstate passengers
 cannot be interfered with under the
 state laws. Two amendments were
 re-drafted by the conferees. One was
 the pass amendment for which a sub-
 stitute was offered by the house con-
 ference and accepted. It prohibits the
 issuance of passes to any person. It
 makes no exemptions whatever, but
 is not to take effect until Jan. 1, 1907.

The other re-drafted amendment is the
 one making pipe lines common car-
 riers. It now provides that pipe lines
 transporting oil through pipes and
 partly by rail and through pipes and
 partly by water shall be common car-
 riers. The "commodity" amendment, which
 prohibits railroads from carrying any
 articles it mines, manufactures or
 produces was amended slightly so as
 to render it less in conflict with the
 pipe line amendment.

Statehood Agreement.
 Washington, June 2.—The latest
 move in the controversy between the
 senate and house on the statehood
 question has just been revealed in
 connection with the plan to bring in
 a report from the conference com-
 mittee. This report is to provide for
 the immediate admission of Oklahoma
 and Indian Territory as one state,
 with the further provision, in the ex-
 act language of the original Foraker
 amendment, that Arizona and New
 Mexico shall vote separately on their
 admission as one state. This report
 is to be admitted first to the senate
 for its sanction. Should it be rejected,
 as predicted, it is believed that the
 house will rest the case, after em-
 phasizing the fact that the senate
 and not the house is responsible for the
 failure.

Proceedings of Senate.
 Washington, June 2.—The sen-
 ate passed the bill regulating the li-
 ability of railroad companies for in-
 juries to employees, but Senator Dan-
 iel, who was not in his seat when
 the bill passed, gave notice of a mo-
 tion to reconsider, which, if it pre-
 vails, will again bring the measure be-
 fore the senate. The remaining time
 of the open session was devoted to
 a speech by Senator Morgan in
 support of the assertion of American
 control in the Isle of Pines and to a
 discussion of the resolution prescribing
 a policy for the government in the
 purchase of supplies for the Pan-
 ama canal. Senator Stone opposed
 the amendment as useless and at-
 tacked the president as weak and
 wavering in policy.
